KUBOTA POWER UNIT SPECIFICATIONS

Model:	V2203ME3BHYDES
HP Rating:	48.11 HP @ 2800 RPM
Radiator:	Mounted radiator, coolant recovery tank
Air Cleaner:	Mounted air cleaner
Muffler:	Mounted muffler with rain cap
Fuel Filter:	Mounted fuel filter assy
Mount Feet:	Structural steel mounting feet
Flywheel Power Take Off:	Mounted hydraulic pump adaptor SAE 2B 7/8" 13T spline
Engine Controls:	F.W. Murphy weather proof engine control panel, hi temp and low oil shutdown, oil pressure gauge, water temp gauge, magnetic switch, key switch, alternator light, hour meter, 4ft loomed wire harness
Accessories:	EZ oil drain valve
Summary:	This engine is assembled for hydraulic pump application. It is a drop drop in replacement for repower applications.
