KUBOTA POWER UNIT SPECIFICATIONS

Model:	V2203ME3BSAEHYDAS
HP Rating:	48.11 HP @ 2800 RPM
Radiator:	
Air Cleaner:	Mounted air cleaner, stainless steel manual air intake shutdown, 6ft pull cable
Muffler:	Mounted muffler with spark arrestor
Fuel Filter:	Mounted spin on fuel filter assy
Mount Feet:	Structural steel mounting feet
Flywheel Power Take Off:	Mounted hydraulic pump adaptor SAE 2B 7/8" 13T spline on SAE flywheel bell housing SAE 4, 7.5" flywheel
Engine Controls:	Air starter
Accessories:	Stainless steel hardware, EZ oil drain valve, idler pulley assy
Summary:	This air start engine package is for hydraulic pump drive application.
