KUBOTA POWER UNIT SPECIFICATIONS

| | |
|---------------------------------|---|
| Model: | V2403ME3BHYDES |
| HP Rating: | 48.11 HP @ 2800 RPM |
| Radiator: | Mounted radiator, coolant recovery tank |
| Air Cleaner: | Mounted air cleaner |
| Muffler: | Mounted muffler |
| Fuel Filter: | Mounted spin on fuel filter assy |
| Mount Feet: | Structural steel mounting feet, stable flex neoprene isolators |
| Flywheel Power Take Off: | Mounted hydraulic pump adaptor, SAE 2B 7/8" 13T spline |
| Engine Controls: | F.W. Murphy weatherproof engine controls, hi temp and low oil shutdown, oil pressure gauge, water temp gauge, hour meter, magnetic switch, key switch, alterntor light, 4ft loomed wire harness |
| Accessories: | EZ oil drain valve |
| Summary: | This engine is assembled for hydraulic pump applications. |
