## **OFFSHORE READY 3.0 GPM 3000 PSI DIESEL PRESSURE WASHER**

**Model:** KD3003DOE

**Description:** Diesel Powered Cold Water Pressure Washer

**Engine:** Kubota Diesel Engine rated 6.0 hp @ 3600 rpm, Engine supplied standard w/12 volt electric start, 12 volt battery w/ box and cables, key switch mounted

**Pump:** Triplex pump rated 3.0 gpm @ 3000 psi, direct drive, Inlet mesh filter, unloader

**Skid:** Structural Steel Type, Portable w/ 12" Pneumatic tires, Galvanized, Drip Pan, 4 Corner Lift, Vibration Isolators

**Safety Features:** Spark Arrestor, Manual Air Intake Shutdown, Thermo Pump Protector

**Dimensions/Weight:** L 39" x W 30" x H 30", 250 lbs (dry)

**Warranty:** 2 year engine, 1year pump, 90 days on accessories

**Summary:** The Kubota diesel engine is air/oil cooled. It runs cooler than most air-cooled engine thus providing extended engine life. The engine is balanced producing vibration free operation. The oilfield skid design provides protection to the components and will withstand the harsh offshore environment. The large pneumatic tires and 4 corner lift make the unit highly mobile and easy to load/unload. The unit is designed for the safest possible operation in hazardous locations. The triplex pump has oil a filled crankcase for long life operation.
